"It is a strange anomaly that men should be careful to insure their houses, their ships, and their merchandise, and yet neglect to insure their lives; surely the most important of all to their families and more subject to loss." - Benjamin Franklin

Since its addition to the Order's product portfolio in 2000, long-term care insurance has provided us with an excellent opportunity to further serve Knights and their families. And for our long-term care clients in the United States, a K of C Care policy brings added value.

That added value is in the form of a service called "Provider Pathway," a program offering access to a network of long-term care providers at discounted rates. The network covers: home health care, personal emergency response systems, adult day care, assisted living, skilled nursing facilities and durable medical equipment.

Eligibility for participation in this program is open to Knights of Columbus Long Term Care Insurance policyholders, their spouses, dependent children, parents and parents-in-law. All providers are fully credentialed and meet state licensing requirements.

If you are not currently an LTC policyholder and you would like more information on how you can avail yourself of this benefit, give me a call.
